

What's Happening for Lamoille Valley Families with Children 0-6 Years Old!

Building Bright Futures seeks to assure that all Vermont children are healthy and successful by improving the quality, affordability, and accessibility of services for families with children under the age of six in the areas of health, early care and education. Building Bright Futures brings key community partners together and helps parents obtain the support they need so their children enter school healthy, confident, and prepared to succeed in school and in life beyond.
