

# Behavior Support Training with Jeanine Fitzgerald

Saturday April 3, 2010

Green Mountain Technology and Career Center  
Hyde Park, Vermont

Jeanine draws upon thirty years of experience as a certified teacher, licensed mental health professional, and mother of three children, to understand the promise of every child, as well as the diversity of their needs. As a certified Human Behavior Specialist, Jeanine specializes in research-based strategies in educational leadership, relationship-building, motivation, preventing risk factors that compromise the fulfillment of a child's full potential and implementing positive interventions in "real world settings."

"You were informative, instructive, practical and entertaining. Thanks for your expertise and insightfulness."  
- Teacher

Two training sessions will be offered for parents, early childhood professionals, educators, and others working with children and families. The sessions will address behaviors of children preschool through school age.

## 10AM - Noon - Beyond Bossing, Begging and Bribing

Have you ever heard someone say "What part of no don't you understand?" or "Because I said so, that's why!" Or maybe you have thought there has to be a better way to get children to listen. This session explores four choices about how to raise, teach and discipline children. When you leave, your "toolbox" will be full of effective strategies.

## 1 - 3PM - Freeing Children from Fear

Bullying behaviors are at epidemic proportions. Over 160,000 children miss attending school every day due to fear of attack or intimidation by a peer. This pattern of teasing, name-calling, harassment, hurt and violence begins from a young age. And you can do something about it. In this workshop you will recognize the many forms this abuse can take, discover how to identify and empower children who are victims, combat common myths, and know when and how to step in to protect children from each other.

"Incredibly motivating experience, full of discoveries presented by an instructor with immense knowledge and a style that is accessible to all."  
- Teacher
