

Encovaging, Educating and Celebrating Families

# FROM FLOYD

### Dear Friends,

As I look back on my first full year at the Lamoille Family Center, it doesn't seem possible. It still feels like I have a lot to learn. But what a place to spend a work day!

Every day I get to hear from staff about the families they serve, stories that are sometimes tragic and often triumphant. Every day brings new appreciation of the commitment, compassion and effectiveness of LFC's terrific professional staff. Every day brings new opportunities to partner with other providers in order to better serve those who participate in our programs. Every day brings reminders of the resilience that humans can display, even in the face of profound adversity. Your Lamoille Family Center is serving more families than ever before, working with more community partners and expanding programs.

This last year, LFC's staff and Board prepared for a strategic planning process by rewriting LFC's vision and mission statements and agreeing on core values. Staff discusses how our core values impact the work we do and influence our culture at nearly every staff meeting. Imagine the privilege of sitting with LFC staff to discuss how just one of our core values –compassion – influences how we work with participants and with one another. These are wonderful and moving conversations.

There is much more to tell and so little space to tell it in. If you want to know more, let's have a cup of coffee. I'd be happy to spend some time singing the praises of LFC, her participants and her staff.

Sincerely, Floyd Wease

### Vision

The Lamoille Valley will be a safe and secure community where children, youth, and families are empowered, cared for and valued.

### Mission

The Lamoille Family Center is a nonprofit organization that promotes the well-being of Lamoille Valley children, youth and families and supports them in meeting life's challenges through education, direct services and advocacy.

### COMMITMENT

### **CORE VALUES**

As an organization, we are committed to collectively integrating these values into our workplace culture, our interactions with clients and families, and our collaborative relationships with community partners.

#### **COMPASSION**

We welcome all, we meet people where they are at, and act with empathy and sensitivity.

#### **INCLUSIVITY**

We honor all people and recognize their unique perspectives, contributions, and experiences.

#### **INTEGRITY**

We act with fairness, honesty, transparency, and accountability.

#### **COLLABORATION**

We work as a team and build on each other's strengths, both within our organization and with community partners.

#### RESPECT

We treat our clients, partners, and ourselves with mutual respect and sensitivity.

#### **POSITIVITY**

We approach our work with the confidence that a constructive, optimistic approach makes a difference.

Congratulations to
Carol Lang-Godin, Early
Childhood Programs
Manager, who received
the Scott Johnson
Leadership Award at our
Annual Meeting

# SUCCESSES

### CHILDREN'S INTEGRATED SERVICES

A local mom of 3 kids began working with the Children's Integrated Services team in 2017. The team helped her remove her family from an abusive living situation. They connected her child with CIS-Early Intervention services for her youngest, CIS-Specialized Childcare services, and CIS-Early Childhood and Family Mental Health services. A year later, mom enrolled in college and is now working part-time with the goal of becoming a Family Support worker so that she can help other parents.

### YOUTH AND YOUNG ADULT PROGRAM

A 14 year old young man began working with the PSSYF/ LINK program during our summer program in 2019. Staff supported him with channeling his energy for outdoor activities safely, worked with him to manage his anger, frustration and patience and stabilized his energy in school. We partnered with his family, school and counselor to help him begin to make new and positive friends, make responsible decisions regarding his love for mountain biking, decrease his high risk behaviors, and focus his attention on doing his best at school. He continues to work with us and is becoming a more empathetic and happier student and young man.

### KIDS TO CAMP

Kid to Camp offered 84 Scholarships this year! Many parents, service providers, camp directors, and campers wrote to LFC in appreciation for the opportunity to build resilience and friendships. One parent wrote, "This is our first year attending camp and we cannot be more thankful for the opportunity to get kids outside and moving this summer. If it wasn't for the scholarship I don't believe my son would have been able to have this opportunity and for that we are grateful."

The Lamoille Family Center remained fiscally strong in FY'19, and our Auditors, JMM & Associates, reported no material weaknesses or significant deficiencies. We remain fiscally conservative and attentive to our primary mission and staff in order to maintain critical services for young children, youth and their families. Due to several factors, including vacancy savings, a bequest, and a successful annual appeal, net earnings were strong and enabled us to add to our future reserves, ensuring sustainability for the organization in a time of level-funded and under-funded contracts.
